Amendment No. 5

Amend Senate Bill No. 592 by deleting all language following the enacting clause and by substituting instead the following:

WEDNESDAY, JANUARY 19, 1994 -- FIFTY-SECOND LEGISLATIVE DAY

Section 1. Tennessee Code Annotated, Section 3-1-103, is amended by deleting the section in its entirety and by substituting instead the following:

Section 3-1-103: (a) (1) All census descriptions, counties, tracts, blocks, census delineations, census district lines and other census designations are those established for or by the United States department of commerce, bureau of the census, for taking the 1990 federal decennial census in Tennessee as contained in the automated geographic data base, known as the TIGER (Topologically Integrated Geographic Encoding and Referencing) System. All voting districts (VTDs) are precincts aggregated from such census blocks as reported to the Office of Management Information Services for the General Assembly by the Office of Local Government, Comptroller of the Treasury pursuant to the provisions of Tennessee Code Annotated, Title 2, Chapter 3, Part 1.

(2) All subdivisions listed under a county are voting districts (VTDs) unless labeled as tracts and blocks.

(b) It is the intention of the general assembly that:

(1) Each district be represented by a single member;

(2) Districts must be substantially equal in population in accordance with constitutional requirements for "one person one vote";

(3) Geographic areas, boundaries, and population counts used for redistricting shall be based on the 1990 federal decennial census;

(4) Districts must be contiguous and contiguity by water is sufficient;

(5) No more than thirty (30) counties may be split to attach to other counties or parts of counties to form multi-county districts; and

(6) The redistricting plan will comply with the Voting Rights Act and the fourteenth and fifteenth amendments to the United States Constitution.

(d) Nothing in this section shall be construed as depriving any member of the House of Representatives of the Ninety-eighth General Assembly of such member's office, or as affecting or modifying the constitutional requirements of the provisions of Article II, Section 3 of the

Constitution of Tennessee. At the November, 1994 general election, and thereafter until changed by law, representatives shall be elected to represent the districts as constituted and provided by this section. If the seat of a member of the House of Representatives becomes vacant prior to the general election in which a representative is to be elected to represent the district as constituted and provided by this section, in accordance with Article II, Section 15 of the Constitution of Tennessee, a successor shall be elected by the county legislative body to represent the district.

(e) It is the legislative intent that all House of Representatives districts shall be contiguous and, toward that end, if any voting district or other geographical entity designated as a portion of a district is found to be noncontiguous with the larger portion of such district, it shall be constituted a portion of the district smallest in population to which it is contiguous. Similarly, if any area is found not to be included in a representative district, that non-included area should be included in the district smallest in population to which it is contiguous.

(f) Any reapportionment of county legislative bodies shall not affect these legislative districts.

Section 2. If the plan of apportionment in Section 1 is declared to be invalid by a court of competent jurisdiction in a final determination of any action under the Voting Rights Act or under the Thirteenth, Fourteenth or Fifteenth Amendments to the United States Constitution on the grounds of dilution of minority voting strength, then the plan of apportionment for the House of Representatives shall be the plan of apportionment contained in Section 1 with the exception of the following districts which shall be composed as follows:

REMARKS

Rep. Rufus Jones (Shelby) asked that the following remarks be spread in the Journal:

Thank you Mr. Speaker and members of the House. Amendment No. 5 is basically the same language -- word for word the same language -- that has been articulated here today with one exception. And what Amendment No. 5 does is take things in the order in which the House has dealt with it as it came through committee and as it arrived up here on the floor.

The Amendment No. 5 reverses the A/B combination and the amendment that is before us. And basically what Amendment No. 5 does is it strips the entire bill as presented and this becomes the new Amendment and this is the bill that I am asking you to take. The only thing that it does -- it makes the creation of an African-American district in rural west Tennessee the first item that we're asking the court to consider. And if the court in their wisdom say that the creation of an African-American district in rural west Tennessee is not valid at this time, the Fourteenth Amendment prohibited the voting rights act, does not apply any more, and these people are not entitled to representation, if this is what the court says, then plan A would come into effect. Plan A is the one that is submitted as is. The districts in rural west Tennessee will remain the same and the only thing that will be done is that we will have gotten in conformance of the one man one vote and we will take it from there.

WEDNESDAY, JANUARY 19, 1994 -- FIFTY-SECOND LEGISLATIVE DAY

Ladies and Gentlemen, the reason that I am submitting this amendment is because I do not feel that it is wise policy on the part of the State of Tennessee to subrogate all of the court rulings that have come before. All of the rulings that have held the voting rights act valid and states that its provisions must be conformed to. I submit to you our best effort should be put before the courts first and if we put our best efforts before the courts, then we can say that we've have done our best. We've done what the Constitution requires us to do, we've done what we state as our intention, and we've also done what is correct.

Mr. Speaker, members of the House, one point that has been made that I don't think can be overemphasized. And that is, prior to 1965, the last representative to serve in this General Assembly of African-American descent was from Haywood County in rural -- I'm sorry, I believe that was Fayette County, I want to make certain that I'm correct -- that was Representative Monroe Gooden from Fayette County, who served in this General Assembly from 1987 until 1989. And I'm sure most of you know the history. Because of prevailing policies, because of Jim Crow laws, back in those days many of the African-American representatives in this General Assembly were systematically excluded. The last gentleman to win election to the House of Representatives, once he came to take his seat, was denied the opportunity to take his seat and was physically escorted off of these floors of this General Assembly.

We have an opportunity in our demonstration today to correct at least one wrong in our past. And that wrong in our past was to deny these folks in rural west Tennessee an opportunity to elect their own representatives. Drawing a district does not ensure that an African-American will assume a seat in this General Assembly. But it does give those folks an opportunity to participate in the process and it gives them an opportunity to vote and fill a representative of their choice.

I'm asking you to do that here today. And I'm asking you to make that the top priority. Certainly, with the bill that has been so eloquently explained by our Majority Leader. What his position is that, Mr. Supreme Court, we don't really want to do this, we don't really want to put an African-American district or make it possible for an African-American to be elected in rural west Tennessee. But after you look at our plan and if you decide that boy you've got to do it, then we'll switch on over to plan B. And that's what the plan that's on the table before you now is. I'm saying I want you to take an affirmative action, I want you to speak to the Supreme Court, speak to the world, that these folk are entitled to representation. And that you can feel the same as I do, you will vote yes for Amendment No. 5.

Mr. Speaker, Mr. Majority Leader, all members assembled here today. I ask you to vote for Amendment No. 5. Thank you very much.
